Dear Parent/Carer

Re: SIMs Intouch

At Louth Academy we are looking at more sustainable and convenient methods to communicate and share information with you about your child. With this in mind, we would like to encourage all parents/carers to sign into the Sims connect portal to view your child's most recent assessment data that we are currently uploading. This interface will allow us to share with you your child's timetable, future assessment data and written subject reports. Paper copies of these documents will not be provided after 1 June 2021, therefore it is vital that you follow the instructions below before this date.

You will shortly be receiving an email on behalf of Louth Academy from noreply@sims.co.uk. Please click on the green 'Accept Invitation' button. Then select how you would like to sign in for your account. You can choose to use the following in order to log in: Facebook, Twitter, Google, Microsoft Office 365 or Apple ID. The system will verify your details and then enable you to access information about your child.

Your child will also receive their log in details through their Academy user account and they will be given advice in their ICT lessons regarding how to access this information also.

Once you have logged in, you may wish to download the SIMS Parent app to enable even easier access to suit your needs.

If you have any concerns or queries regarding accessing this material, then please contact the Academy via the enquiries email, enquiries@louthacademy.co.uk.

Yours faithfully

Mr P Dickinson
Principal
